ADDENDUM NO. 2

Date: March 5, 2024
Project Name: M19 2024 Hangar Construction
Owner: City of Newport
Garver Project No. 2300820

This addendum shall be a part of the Plans, Contract Documents and Specifications to the same extent as though it were originally included therein, and it shall supersede anything contained in the Plans, Contract Documents, and Specifications with which it might conflict. This addendum, including all attachments, shall become part of the Contract and all provisions of the Contract shall apply thereto. The time provided for completion of the Contract has not been changed as noted in this addendum. Acknowledgement of receipt of this addendum must be noted in the appropriate section of the Bid Form and included with the Contract Documents.

A. SPECIFICATIONS

- a. Revise 00 41 00-5 BID FORM as follows:
 - i. Update Item 7 SS-302-3.1 Power Utility Allowance to a Unit Price and Bid Amount of \$2,500.00.

B. CONTRACTOR QUESTIONS

1. **Question:** I am coming up with a larger estimated quantity for the 8" and 5" concrete than what is shown on the unit price page of the bid form. Is the concrete for the hangar included in with item 4) 80' x 60' Box Hangar w/ 70' x 18' Aircraft Door?

Answer: The 8" and 5" concrete items are only for outside of the hangar. Concrete pavement inside the hangar should be part of your foundation design and should be included under your bid price for item 4) 80' x 60' Box Hangar w/ 70' x 18' Aircraft Door.

2. **Question:** The specifications require the contractor to hire an engineer to design the foundation based off of soils testing. Since we are not under contract and no soils investigations have occurred, how am I supposed to propose a design?

Answer: The information shown in the plans can be used to help estimate a cost for the hangar foundation. However, the contractor shall be responsible for bearing the cost of a discrepancy between their estimated footer design and the design provided by a structural engineer. For hangar projects of similar size, we have seen footers range from 3'x3' to 5'x5' with footer depths ranging between 12-18". This information can be used to help estimate the proposed hangar foundation costs.

3. **Question:** My metal building supplier isn't sure what the PAC Clad finish is. Can this be standard galvalume R-panels, or does it need to be standard seam, standard color finish, or Kynar Finish?

Answer: Please provide the standard color finish of your preferred manufacturer. Prior to placing the order for the building, the owner will review and select a color from the manufacturer's standard color palette.

4. **Question:** The eave height will need to be increased to accommodate the hydraulic door. He is thinking he will be around 23' or 24' at the eave.

Answer: See Note 1, Sheet CS-201. This is acceptable. The building dimensions may vary depending on door and building manufacturer.

5. **Question:** Detail GC-002 shows the apron to go out 20' away from the building, but CS-101 shows only a 5' wide proposed apron. Can you clarify this?

Answer: The concrete apron shall be 5' in width in accordance with the dimension shown on Sheet CS-101.

END OF ADDENDUM NO. 2

00 41 00 BID FORM

ARTICLE 1 – BID RECIPIENT

1.01 This Bid is submitted to:

CITY OF NEWPORT
3800 Operations Dr, Newport, AR 72112

1.02 The undersigned Bidder proposes and agrees, if this Bid is accepted, to enter into an Agreement with Owner in the form included in the Bidding Documents to perform all Work as specified or indicated in the Bidding Documents for the prices and within the times indicated in this Bid and in accordance with the other terms and conditions of the Bidding Documents.

ARTICLE 2 – BIDDER’S ACKNOWLEDGEMENTS

2.01 Bidder accepts all of the terms and conditions of the Instructions to Bidders, including without limitation those dealing with the disposition of Bid security. This Bid will remain subject to acceptance for **60** days after the Bid opening, or for such longer period of time that Bidder may agree to in writing upon request of Owner.

2.02 In submitting this Bid, Bidder acknowledges and accepts Contractor’s representations as more fully set forth in the Contract.

2.03 In submitting this Bid, Bidder certifies Bidder is qualified to do business in the State of Arkansas as required by laws, rules and regulations or, if allowed by statute, covenants to obtain such qualification prior to contract award.

ARTICLE 3 – BIDDER’S REPRESENTATIONS

3.01 In submitting this Bid, Bidder represents that:

A. Bidder has examined and carefully studied the Bidding Documents, and any data and reference items identified in the Bidding Documents, and hereby acknowledges receipt of the following addenda:

<u>Addendum No.</u>	<u>Addendum, Date</u>
_____	_____
_____	_____
_____	_____
_____	_____

B. Bidder has visited the Site, conducted a thorough, alert visual examination of the Site and adjacent areas, and become familiar with and satisfied itself as to the general, local, and Site conditions that may affect cost, progress, and performance of the Work.

C. Bidder is familiar with and has satisfied itself as to all laws and regulations that may affect cost, progress, and performance of the Work.

D. Bidder has carefully studied all: (1) reports of explorations and tests of subsurface conditions at or adjacent to the Site and all drawings of physical conditions relating to existing surface or subsurface structures at the Site that have been identified in the Special Provisions, especially with respect to Technical Data in such reports and drawings, and (2) reports and drawings relating to Hazardous Environmental Conditions, if any, at or adjacent to the Site

that have been identified in the Special Provisions, especially with respect to Technical Data in such reports and drawings.

- E. Bidder has considered the information known to Bidder itself; information commonly known to contractors doing business in the locality of the Site; information and observations obtained from visits to the Site; the Bidding Documents; and any Site-related reports and drawings identified in the Bidding Documents, with respect to the effect of such information, observations, and documents on (1) the cost, progress, and performance of the Work; (2) the means, methods, techniques, sequences, and procedures of construction to be employed by Bidder; and (3) Bidder's safety precautions and programs.
- F. Bidder agrees, based on the information and observations referred to in the preceding paragraph, that no further examinations, investigations, explorations, tests, studies, or data are necessary for the determination of this Bid for performance of the Work at the price bid and within the times required, and in accordance with the other terms and conditions of the Bidding Documents.
- G. Bidder is aware of the general nature of work to be performed by Owner and others at the Site that relates to the Work as indicated in the Bidding Documents.
- H. Bidder has given Engineer written notice of all conflicts, errors, ambiguities, or discrepancies that Bidder has discovered in the Bidding Documents, and confirms that the written resolution thereof by Engineer is acceptable to Bidder.
- I. The Bidding Documents are generally sufficient to indicate and convey understanding of all terms and conditions for the performance and furnishing of the Work.
- J. The submission of this Bid constitutes an incontrovertible representation by Bidder that Bidder has complied with every requirement of this Article, and that without exception the Bid and all prices in the Bid are premised upon performing and furnishing the Work required by the Bidding Documents.
- K. The submission of the Bid constitutes that applicable sales taxes are included in the stated Bid prices for the work, unless provision is made herein for the bidder to separately itemize the estimated amount of sales tax.
- L. By submitting a bid/proposal, the Bidder understands that the bid/proposal is subjected to the **Federal Aviation Administration requirements referenced in the Special Provisions.**

ARTICLE 4 – BIDDER'S CERTIFICATION

4.01 Bidder certifies that:

- A. This Bid is genuine and not made in the interest of or on behalf of any undisclosed individual or entity and is not submitted in conformity with any collusive agreement or rules of any group, association, organization, or corporation;
- B. Bidder has not directly or indirectly induced or solicited any other Bidder to submit a false or sham Bid;
- C. Bidder has not solicited or induced any individual or entity to refrain from bidding; and
- D. Bidder has not engaged in corrupt, fraudulent, collusive, or coercive practices in competing for the Contract. For the purposes of this Paragraph 4.01.D:
 - 1. "corrupt practice" means the offering, giving, receiving, or soliciting of any thing of value likely to influence the action of a public official in the bidding process;
 - 2. "fraudulent practice" means an intentional misrepresentation of facts made (a) to influence the bidding process to the detriment of Owner, (b) to establish bid prices at

artificial non-competitive levels, or (c) to deprive Owner of the benefits of free and open competition;

3. "collusive practice" means a scheme or arrangement between two or more Bidders, with or without the knowledge of Owner, a purpose of which is to establish bid prices at artificial, non-competitive levels; and
4. "coercive practice" means harming or threatening to harm, directly or indirectly, persons or their property to influence their participation in the bidding process or affect the execution of the Contract.

ARTICLE 5 – BASIS OF BID

- 5.01 Bidder acknowledges that (1) each Bid unit price includes an amount considered by Bidder to be adequate to cover Contractor's overhead and profit for each separately identified item, and (2) estimated quantities are not guaranteed, and are solely for the purpose of comparison of Bids, and final payment for all unit price Bid items will be based on actual quantities, determined as provided in the Contract Documents.
- 5.02 Bidder will complete the Work in accordance with the Contract Documents for the enclosed prices.
- 5.03 **BID ALTERNATES**
 - A. The undersigned Bidder offers to make, at the bid alternate prices (**Deductive**) following, the changes in the Work covered in the total bid price set forth in unit price schedule ("Total Base Bid Price") that are specified in the bid alternates priced below:
 - B. It is understood that:
 1. All bid alternate prices shall be filled in. The work detailed by the bid alternate(s) is an extension of the nature of the work for the Total Base Bid Price's project. This proposal requires that the undersigned Bidder propose on all work detailed by the Total Base Bid Price's project and the decrease in work as detailed by each and all of the bid alternates. Failure to comply with this requirement of submitting a price for each and all of the bid alternates may render the Bid non-responsive and may cause its rejection.
 2. **Any bid items contained within the alternate unit price schedule that are measured quantities (TN, SY, CY, SF, LF, EA, etc.) shall match exactly the unit price found within the base bid unit price schedule. Lump sum bid items will not be required to meet this requirement.**
 3. The acceptance or rejection of any or all of these bid alternates is at the option of the Owner.
 4. Acceptance or rejection of bid alternates will not necessarily be made on the basis of price alone.
 5. The acceptance or rejection of one or more bid alternates will not affect the Total Base Bid Project bid, nor other conditions of this bid, nor the price of other accepted bid alternates.
 6. Reference Document 00 21 00, Article 19 for Method of Award.
 7. The undersigned has carefully examined the plans and other contractual documents and has coordinated the scopes between the Total Base Bid Documents and the Bid Alternate Documents. Through submittal of a bid, the undersigned agrees and understands that the documents have been prepared with the highest level of care in the effort to coordinate the scopes of the Total Base Bid Project documents and the Bid Alternate documents. The undersigned agrees and accepts the responsibilities to coordinate and construct all required interconnections and coordination facilities between the Total Base Bid Project and any of, any combination of, and/or a total
